# Gramy

The overall design is inspired by the design elements and lines of the luxury car ES8 series of NIO.

Which breaks the traditional style of this industry platform and introduces the popular concept of Internet vehicle.

It concludes the idea of youth and vitality, new fashion and nobility. The overall line is smooth and generous with the temperament of stable and wise.

**Graceful lines**, prudent style, wise but passionate style.  
Its appearance is full of **post modern aesthetic**, and the sense of times.

**Soft and firm combined style** catches you when you see it from  
a distance, and totally enchanted when you **touch and feel it**.

**Always embody the extraordinary ambitions** in the strategic planning with an atmosphere to win thousands  
of miles away. Let your passion even more magnificent with your **wisdom and generosity**.

# Gaddi

The design inspiration of the Gaddi series comes from the curve shape of the rear of the car.

Gaddi integrates the shape of the car into the product design, and highlights the tension of the foot shape.

The overall line is smooth and generous, and exquisite temperament is exuded in the stability, full of a strong sense of technology and the modern sense of the times.

The round and thin edge design gives the tabletop a very simple but strong visual structure.

All the designs can be visually beautified on the basis of required functions and meanwhile it activates all the entrepreneurial enthusiasm.

The far view has charmed you already, and the temptation of close touching is irresistible. All these make the conference not dull at all.

# Gerry

The design of Gerry series products inspired by the outlook characteristics of Lamborghini.

Multi-section tabletop shape, dark metal decoration, and fashion design show your extraordinary taste.

A sense of composure in the lightness and thinness of this system is presented exemplifying Lamborghini's generally quality and fashion style.

The whole shape adopts the form of diamond cutting shape surface.

With a few lines of metal decoration and irregular cutting of the tabletop create a flexible shape, and an elegant appearance.

The square and steady modeling and metal trimming are combined. The design of foot is full of the external tension, which is also a new challenge in the structure.

# Mosky

The integration of modern materials such as glass and metal grain breaks the convention patterns of the space.

The smooth cladding process highlights the efficiency of the office, and the custom aluminum lines outline its handsome.

The post-modern eclectic style allows the office to take the natural form of deep teak wood out of nature. Every angle of Mosky is a landscape.

Creating a harmonious atmosphere for meetings is essential for modern office space.

The shape of the table top is uniformed as that of the work table. The lower legs adopt the form of external folding feet, decorated by aluminum alloy edges.

A meeting means a beginning of a challenge. A challenge always requires a good environment. So that a good meeting space is able to provide you with confidence to meet the creative challenges again and again in work.
